

CLASS 4 & 5 VEHICLE PERMIT REQUIREMENTS

In order to be considered for a Driving School Vehicle permit for Classes 4 (passenger vehicles) & 5, the following criteria must be met.

- Application Form**
- Third-party liability insurance** with an amount not less than \$1,000,000 for all Training vehicles.
- Copy of the **vehicle registration**
- Copy (pink or yellow) of the **Certificate of Inspection (COI)** dated within 90 days
OR a **New Vehicle Information Statement (NVIS)** dated within 12 months.
- Equipment for Class 4 (passenger vehicles) & 5 training vehicles:**
 - An auxiliary brake (pedal must be anti-slip) capable of stopping the vehicle within 7.6 meters when travelling at 30 kilometers an hour.
 - A second rear view mirror that is firmly mounted and allows an unobstructed view of the roadway to the front and rear of the vehicle.
 - A sign that is firmly attached to the top or rear of the vehicle and clearly visible from at least 20 meters behind the vehicle.
 - The sign must contain the name of the driving school and the words TRAINING VEHICLE, or TRAINING CAR, in upper case letters.
 - The colour of the lettering and background must be contrasting shades.
 - The sign should be a durable product that can withstand all weather conditions.
 - The sign must remain stationary when the vehicle is in motion.
 - Signs attached with a string or cord is not considered firmly affixed.

The signage on all training vehicles will be checked for wording and size and colour of letters and background.

Note:

- Driver training permits are governed by the Driver Training Schools, Driving Instructors and Training Vehicles Regulation 46/2006 under the *Drivers and Vehicles Act*.
- **Training in a student's private vehicle is not allowed** unless a permit is issued in accordance with section 13 of the Driver Training Regulations.
